## NATIONAL DO NOT CALL

The National Do Not Call Registry maintains a list of telephone numbers that cannot receive unsolicited calls. Most companies are required by law to check the National Do Not Call Registry before conducting any telemarketing activities. There are exceptions for calls made by groups such as charities, and for calls made to consumers with which your company has an existing business relationship.

The federal laws concerning the use of the Do Not Call Registry are implemented by the Federal Communications Commission, pursuant to 47 C.F.R § 64.1200, and the Federal Trade Commission, pursuant to 16 C.F.R Part 310. Additional information concerning the National Do Not Call Registry is available on the Internet at: [www.telemarketing.donotcall.gov](http://www.telemarketing.donotcall.gov).

## CALL BEFORE YOU DIG!

**Prevent injury, expense and penalties.** Whether you're a professional excavator or a do-it-yourselfer, digging jobs – including the simple planting of trees and shrubs – can damage utility lines and disrupt vital services to an entire neighborhood. They can also result in injury to you, the digger, along with expensive fines and repair costs.

The depth of utility lines may vary and multiple utility lines may exist in one area, so it is vitally important to know where these lines are. Call **811** or visit [www.call811.com](http://www.call811.com).

The local One Call Center who takes your call will alert affected utility companies. They will then send out a crew to locate and mark underground lines – for FREE – within the next few days.

**Late Payment Charge**

If we do not receive your payment by your next bill date, a 1.5% late payment charge will be applied to the entire unpaid balance (excluding Digital Video charges), when the unpaid balance is \$20.00 or more. A fixed late fee of \$4.75 will be applied to Digital Video charges greater than \$10.00 past due.
